

CONTENTS

Foreword.....	Takahisa NEMOTO and Tatsuro MATSUDA....	i
FIBEX—An international survey in the Southern Ocean: Review and outlook.....	Gotthilf HEMPEL....	1
The distribution of water masses in the South Shetland Islands area during FIBEX.....	M. STEIN....	16
Geostrophic currents in the South Shetland Islands area during FIBEX.	M. STEIN and S. RAKUSA-SUSZCZEWSKI....	24
Interlinking of physical and biological processes in the Antarctic Ocean (abstract).....	D. J. TRANTER....	35
The relation between phytoplankton standing stock and water temperature in the Antarctic Ocean in summer, 1980–1981....	Shiroh UNO....	37
Organic compounds of the suspended particles in the Pacific Sector of the Southern Ocean.....	Nobuhiko HANDA and Eiichiro TANOUE....	50
Chlorinated hydrocarbons in the Southern Ocean.	Shinsuke TANABE and Ryo TATSUKAWA....	64
The relationship between the distribution of plankton biomass and plankton communities in the Drake Passage and the Bransfield Strait (BIOMASS-FIBEX, February–March 1981).....	S. RAKUSA-SUSZCZEWSKI....	77
Variations in vertical distribution and density of krill swarms in the vicinity of South Georgia.....	Inigo EVERSON....	84
Growth, moult and filtering rate of krill in laboratory conditions.	Susumu SEGAWA, Mitsuo KATO and Masaaki MURANO....	93
Observations of the ovarian eggs and spawning habits in <i>Euphausia superba</i> DANA.....	Tsukasa KIKUNO and Akito KAWAMURA....	104
Hydroacoustic and photographic techniques applied to study the behavior of krill (<i>Euphausia superba</i>).....	Oscar GUZMAN and Bernardo MARIN....	129
The morphological features of a super swarm of krill, <i>Euphausia superba</i>	O. A. MATHISEN and M. C. MACAULAY....	153
Preliminary report on the FIBEX acoustic work to estimate the abundance of <i>Euphausia superba</i>	Ian HAMPTON....	165
Ecological survey of the Notothenioid fishes in the Southern Ocean from Bouvet to Kerguelen Islands.	Guy DUHAMEL, Jean-Claude HUREAU and Catherine OZOUF-COSTAZ....	176
Trophic ecology of demersal fish community north of the South Shetland Islands, with notes on the ecological role of the krill.....	Masanori TAKAHASHI....	183
Progress and prospects of ornithological research within BIOMASS.....	W. R. SIEGFRIED and J. P. CROXALL....	193

A population study of Weddell seal in Lützow-Holm Bay and its adjacent waters, Antarctica....Yasuhiko NAITO and Takao HOSHIAI....	200
Ecological basis of exploitation of the resources of Antarctic krill T. G. LUBIMOVA....	211
Interaction among krill, whales and other animals in the Antarctic ecosystem..... Ichiro YAMANAKA....	220
The development of fisheries and stock assessment of resources in the Southern Ocean..... J. A. GULLAND....	233
Ecological dynamics of Antarctic seals and whales (Abstract)....R. M. LAWS....	247
