Antarctic Treaty Consultative Meeting /
Committee for Environmental Protection

XLI ANTARCTIC TREATY
CONSULTATIVE MEETING
BUENOS AIRES - ARGENTINA
13 - 18 MAY 2018

► **The Antarctic Treaty**

The main purpose of the Antarctic Treaty, which was signed in Washington on December 1, 1959, is to ensure "in the interest of all mankind that Antarctica shall continue for ever to be used exclusively for peaceful purposes and shall not become the scene or object of international discord."

The Environment Protocol

Antarctica has been designated as "a natural reserve, devoted to peace and science". Activities are subject to regulations concerning environmental impact assessments, protection of fauna and flora, waste management and others. All activities relating to Antarctic mineral resources, except for scientific research, are forbidden. > more

- » Key documents of the CEP

Information Exchange

Article VII of the Treaty requires each Party to freely exchange information about its activities. This requirement was later elaborated in various measures of the Antarctic Treaty Consultative Meeting and in the Environment Protocol.

► **Meetings**

Every year the Treaty Parties meet "for the purpose of exchanging information, consulting together on matters of common interest pertaining to Antarctica, and formulating and considering and recommending to their Governments measures in furtherance of the principles and objectives of the Treaty" (Art. IX). > more

Upcoming Meetings

Victoria

New Chinese Research Station
Inexpressible Island,
Victoria Land, Antarctica

The priority of scientific research in the new station will focus on, *inter alia*, interaction between atmosphere ice, and the ocean, interaction between ice sheet and ice shelf, marine and terrestrial ecosystem, space physics and the geological environment evaluation studies etc.
