## Polar Geoscience NOTE TO CONTRIBUTORS

## Editorial policy

Polar Geoscience is an annual publication fiom National Institute of Polar Research (NIPR) which includes papeıs on Antaictic and Arctic geosciences, as well as papeis piesented at the NIPR Symposium on Antactic Geosciences Polar Geoscience invites scientific papeıs inteindtionally Scientific papers should be onginal contributions dealing with majoi problems related to Antarctic and Aictic geosciences

## Submission of manuscripts

Authois die requested to submit, with their manuscripts a sheet of submission to indicate the contact address a fax and e-mal numbers, etc In case of more than one duthor, please indicate to whom the correspondence should be addiessed The format of the sheet is avalable upon request to

Editoral Bodid of Polaı Geoscience
9-10, Kagd 1-chome. Itabashı-ku, Tokyo 173-8515, Japan
FAX +81-3-3962-5741, E-mal geoscı@nıpr dc Jp

Thiee copies of the manuscıipt prepared according to the Technical details should be submitted Arival date of the manuscirpts to the Editorial Boaid is registered as the received date

## Review process

The ieceived papers are reviewed by at least two referees, and they have to be onginal, unpublished and not being considered toi publication elsewhere Paper should be submitted by January 31 The Editorial Boad meets in May oı June to consider submitted papers Accepted papers are published in October of the same yedr

## Page proofs

One set of page proof will be sent to the corresponding authoi to be checked for typesetting/editing The authoi is not expected to make charges or coriections that constitute depaitures form the aiticle in its accepted form Pioofs should be returned within 2 days

## Submission of electronic text

Authors should also submit a copy of the final text (after acceptance) on a $35^{\prime \prime}$ diskette The name and veision of the word processing piogam should be cleally indicated

## Reprints

It is free of chaige for submission and publication The corresponding duthoi can receive 50 repints without cost Additional ieprints can be ordeied on a reprint ordei form

## Copyright agreement

The copyright of any published articles (heieaftel ieferied to as papers) in the Journal belongs to the Natıonal Institute of Polaı Research Republication, translation and otheı uses to any extent of papers in this Journal require witten peimission from the Head, Libraty of the Nationd Institute of Poldi Research and acknowledgment of the source In exception of the above requitement use of several figures, tables and biref exceipts from this Journal in scientific and educational publications does not
require the permission from the National Institute of Polar Research provided that the source is acknowledged.

## Technical details

(1) All manuscripts must be written in Englısh.
(2) All pages of the manuscripts must be typed double spaced on one side of the A4 paper with wide margıns, and assembled in the order; title, abstract, text, acknowledgment, references, appendices, tables, figure captions and figures.
