

CONTENTS

I.	Outline of research activities from January 1977 to February 1978 -----	1
II.	Net accumulation of snow by stake method in 1977 -----	3
	1. Net accumulation along Routes S, H, Z and G -----	6
	2. Net accumulation with 36-stake farms at S 16, H 68, H 180, S 122 and Z 40 -----	10
	3. Net accumulation with 200-stake farms at S 16 and S 122 ----	13
	4. Net accumulation with a 9-stake farm at Mizuho Station ----	16
	5. Net accumulation with a 36-stake farm at Mizuho Station ---	26
	6. Net accumulation with a 202-stake farm at Mizuho Station --	34
III.	Surface conditions of 36-stake farm at Mizuho Station in 1977 -----	51
IV.	Snow temperatures at Mizuho Station in 1974 and 1977 -----	68
	1. Snow temperatures in 1974 -----	70
	2. Snow temperatures in 1977 -----	88
V.	Measurements of drifting snow at Mizuho Station in 1977 ----	175
	1. Vertical distribution of drifting snow -----	177
	2. Continuous records of drifting snow -----	178
VI.	Surface meteorological data during traverses in 1977 -----	189
