

## CONTENTS

Abstract.....	1
1. Introduction .....	2
2. Geology of the Lützow-Holm Bay Region .....	4
2.1. Ongul Islands area.....	5
2.2. Langhovde area .....	8
2.3. Breidvågnipa area .....	15
2.4. Skarvsnes area .....	19
2.5. Kjuka area .....	23
2.6. Skallen area .....	24
3. Geological Structure.....	27
3.1. Superimposed folding .....	27
3.2. Fracturing .....	31
3.3. Polyphase deformation on the East Antarctic shield .....	33
3.4. Rock deformation in relation to metamorphism .....	35
4. Summary .....	37
Acknowledgements .....	39
References.....	40
