

ANTARCTIC RECORD No. 47

CONTENTS

|   |  |    |
|---|--|----|
| Report of the summer party of the 12th Japanese Antarctic Research Expedition in 1970-1971 (in Japanese).....                         | <i>Nozomi Murakoshi</i> .....                                      | 1  |
| Report of cosmic-ray and balloon observations by the 11th Japanese Antarctic Research Expedition in 1969-1971 (in Japanese).<br>..... | <i>Masahiko Kusunose and Masahiro Kodama</i> .....                 | 12 |
| Observations of geomagnetic pulsations in the winter of 1970 at Mizuho Camp (in Japanese).....  | <i>Hiroshi Fukunishi</i> .....                                     | 39 |
| Characteristics of radio aurora occurrences observed at Syowa Station in Antarctica(in Japanese).....                                 | <i>Isao Shiro and Toshiro Sakamoto</i> .....                       | 46 |
| Observation of atmospheric turbulence at Syowa Station in Antarctica ( I ) (in Japanese).....   | <i>Takashi Adachi</i> .....  | 62 |
| Glaciological research work of the 12th Japanese Antarctic Research Expedition, 1971-1972 (in Japanese).<br>.....                     | <i>Tomomi Yamada, Tsuneyoshi Kimura and Masayoshi Nakawo</i> ..... | 77 |
| Study of the extraterrestrial materials at Antarctica, III. On the Yamato Meteorites (in Japanese).<br>.....                          | <i>Masako Shima, Akihiko Okada and Makoto Shima</i> .....          | 86 |
| News bulletin of the Polar Research Center (in Japanese).....   |  | 98 |
