

ANTARCTIC RECORD No. 71

CONTENTS

Scientific Papers

- Ray-paths and attenuation of infrasonic waves generated at 100 km altitude..... *Yutaka Suzuki*..... 1
- Direction finding of auroral VLF hiss in auroral zone (in Japanese)*Masanori Nishino and Takeo Hirasawa*..... 15
- The system of measurements of radiation and micrometeorological elements at Mizuho Station, East Antarctica: Installation and performance.....*Shinji Mae, Makoto Wada and Takashi Yamanouchi*..... 44
- Upper crustal structure of Sôya Coast, Antarctica, revealed by explosion seismology.....*Akira Ikami, Katsutada Kaminuma and Yoichiro Ichinose*..... 58
- Contour maps of geomagnetic field intensity in the vicinity of Syowa Station, Antarctica (in Japanese)*Kunio Nikki, Takeo Yoshino and Hiroshi Fukunishi*..... 64
- Morphological analyses of glacial valleys and estimates of sediment thickness on the valley floor: Victoria Valley system, Antarctica *Masamu Aniya and Roy Welch*..... 76
- Two moss species of the genus *Pottia* collected from the vicinity of Syowa Station, East Antarctica*Hiroshi Kanda*..... 96
- Aerial census of Weddell seal (*Leptonychotes weddelli* LESSON) in Lützow-Holm Bay, Antarctica*Takao Hoshiai*.....109
- Sea ice colored by ice algae in a lagoon, Lake Saroma, Hokkaido, Japan *Takao Hoshiai and Mitsuo Fukuchi*.....113
- Notes on some fishes associated with the Antarctic krill. II.
On *Xenocyttus nemotoi* ABE, and again on *Neopagetopsis ionah* NYBELIN..... *Tokiharu Abe and Manpei Suzuki*.....121
- The collection of the fishes trawled in the Ross Sea *Tetsuo Iwami and Tokiharu Abe*.....130

Report

- Activities of Japanese party in the McMurdo Sound region and the Ellsworth Mountains, 1979–1980 season (in Japanese) *Katsutada Kaminuma*.....142

Review

- Review: Environmental pollution by chlorinated hydrocarbons in the

Antarctic (in Japanese)..... *Hideo Hidaka and Ryo Tatsukawa*.....151

Symposia

Summary of the second symposium on polar meteorology and glaciology,

October 2, 1979, Tokyo (in Japanese)..... *Kou Kusunoki*.....165

Summary of the symposium on the East Queen Maud Land research
programme, 25 September, 1979, Tokyo (in Japanese)

..... *Kou Kusunoki and Yoshio Yoshida*.....171
